DESCRIPTION

A position is open for a computational scientist at the CRG/UPF Proteomics Unit in Barcelona. The available position is in a laboratory that focuses on identification, quantification and characterization of proteins by HPLC and ESI-based mass spectrometry. The duties associated with the position will mainly focus on consolidating and further developing the existing pre- and post-acquisition pipeline, on automating analysis workflows, and on developing novel strategies for data analysis and data mining.

CANDIDATE REQUIREMENTS

We are looking for highly motivated and organized candidates with good communication skills and fluent English that are capable of working in group, and with a high degree of initiative. The following aspects will be preferred and will be taken into account when selecting candidates:

1. Previous experience working with mass spectrometric data.
2. Strong statistical background.
3. Advanced concepts in data mining and network analysis.
4. Advanced programming skills (C++, Java, Python, Perl or similar).
5. Advanced knowledge of statistical tools (R, SAS).

WORK ENVIRONMENT

The successful applicant will join an expanding Proteomics Core facility is composed of an international team of scientists, which is working closely with scientists at the Parc de Recerca Biomèdica de Barcelona. We offer a good work environment in a modern research institute, a competitive salary, an excellently equipped laboratory with state-of-the-art instrumentation, and the possibility to contribute to high impact publications.

CONDITIONS

Deadline: February 29th, 2012.

Starting date: Spring 2012.

A competitive salary will be provided, which will be well matched relative to the cost of living in Barcelona, and adjusted according to experience.

APPLICATION PROCEDURE

All applications must include:

1. A presentation letter addressed to Dr. Eduard Sabidó.
2. A full CV including contact details.
3. Two contacts for further references.

Please submit your application by email to the following addresses, indicating the offer reference in the subject message: rrhh@crg.eu

Centre de Regulació Genòmica (CRG) Dr Aiguader 88, 08003 Barcelona, Spain
