

The Clinical Proteomics Research Lab at the Vall d'Hebron Institute of Oncology (VHIO) in Barcelona offers a Senior Research Technician position.

Requirements:

-Suitable academic (preferably PhD) degree in chemistry, biochemistry, pharmacy or biology.

-Proven expertise in:

- 1) Peptide/protein chromatography (nano-RP-HPLC, ion exchange,...) and biological sample preparation for Proteomics.
- 2) Mass spectrometry (MALDI-TOF and nanoLC-MS/MS).
- 3) Proteomics bioinformatics tools (mass spectra processing, database search, protein quantitation, GO).

Competitive salary will be offered according to previous experience. Interested applicants should send their CV to Josep Villanueva (jvillanueva@vhio.net). The application will be open until the position is filled.
